

 **YES VOTE FOR THE**
Youngstown Community
BILL OF RIGHTS

- **PROTECT OUR DRINKING WATER FROM FRACKING CHEMICALS**
- **PROTECT OUR HOMES FROM INJECTION WELL EARTHQUAKES**
- **PROTECT OUR CHILDREN FROM BREATHING TOXIC FUMES**

Oil & Gas Industry wants to export all Utica Shale gas from fracking Youngstown to Europe, Japan and China. See the facts at: www.frackfreeamerica.org. They have spent money altering Ohio state laws, passing H.B. 278, which takes away all local control and lets them place frack wells, high pressure-transmission pipelines, and toxic fracking waste evaporation pits near OUR homes.

NO MATTER WHAT JOBS COME TO YOUNGSTOWN, WE HAVE THE RIGHT TO PURE DRINKING WATER, CLEAN AIR, & SAFE HOMES! VOTE YES NOV. 5TH
