

COMMUNITY FORUM DISCUSSION

**Sunday, January 20**

**9:30-10:45 am**

## **HYDRO-FRACKING: A LOOK AT WHAT'S BELOW**

How do we balance our need for energy, its contribution to our economy and the environmental and community impact, especially the effect on Ohio's water resources? Moderator: David Zeng, Chair, CWRU Civil Engineering Department and Director, Center for Shale Energy Research and Education. Panelists: Matthew Sobel, Chair, Department of Economics and Professor of Operations, Weatherhead School of Management; Jeffrey Dick, Chair, Geology Department and Director, Natural Gas and Water Resources Institute, Youngstown State, and Fran Teresi, Trustee, Garrettsville Board of Public Affairs.
